

DSYA

NIFTEM – Kundli, in partnership with the Directorate of Sports & Youth Affairs, (DSYA), Govt. of Kerala, has achieved a significant milestone in promoting nutrition and well-being among our youth and athletes!

We are thrilled to announce the successful launch of Ready-To-Eat (RTE) Millet-based supplementary foods, meticulously crafted to cater to the specific needs of active sports children aged 11-17 years. High protein nutribars and High protein nutrimix are rich in essential nutrients, micronutrients and fiber. These supplements are tailored to boost performance during training, recovery and competitive phases and foster overall health of sports children. The millet-based nutritional supplements are not only economically viable but also but also highly balanced in terms of varied nutrients to provide optimum nutritional support to sports children (11-17years) to excel in their sports endeavors.

Kudos to everyone involved in this groundbreaking initiative! Let's continue working together towards a healthier, fitter, and more vibrant future for our youth!
